

ASSOCIATION FOR THE ADVANCEMENT OF COST ENGINEERING - INTERNATIONAL
Central Savannah River Area Section

Subject: AAACE-I CSRA Section - Scholarship Offer

The Association for the Advancement of Cost Engineering - International (AAACE-I) is dedicated to advancing the study of cost engineering and cost management through the integrative process of Total Cost Management. Our Section serves the greater Aiken, Richmond, Columbia, and surrounding CSRA counties of South Carolina and Georgia.

To promote our objective, AAACE-I awards academic scholarships to full-time, qualified sophomores through graduate students who are pursuing a related degree/associate degree in cost/schedule management in engineering, construction, manufacturing, business, information technology, etc.

We look forward to hearing from students attending school who are interested in a career in any areas of Total Cost Management as listed above. Scholarship recipients are selected on the basis of academic performance (35%), extracurricular activities (35%), and an essay (30%) on the value of study of cost engineering or total cost management. The essay should explain why cost management will be important in their career goals. The scholarships will be awarded to students attending in Georgia or South Carolina, for the fall semester of 2013.

Our scholarships range from \$500 to \$1,500. Enclosed are copies of the application form which must be mailed to AAACEI-CSRA, P. O. Box 749, Jackson, SC 29831 and postmarked by the deadline of April 30, 2013. Please remember to include your Fall 2012 semester transcript.

Thank you for the opportunity to serve you.

Brandon McBride
President
AAACE-I, CSRA Section
